Dear Shirley:

Enclosed you will find a letter we sent in response to a request for a starter kit. It may be a good idea to contact them at your convenience to see how things are going.

Our schedule of work normally provides that we will send a follow-up letter to them in about a month. Let us know if we can assist them or you in helping start this new group.

Yours in service to NA

Dear Linda:

Thank you for your request for a starter kit. Your starter kit has been enclosed. We have also provided an order form and one of each of the pamphlets that are currently available. You may order more literature or books on the form enclosed. We have forwarded your name and address to the Regional Service Representative that serves the area in which your town is located. They may contact you directly to see if they can help in the starting of your meeting.

Frequently the RSR or the Area Service Representative may know of individuals that are looking for a meeting in areas where there is not currently a meeting. In this way, we may be able to assist you in getting a meeting started.

You may want further assistance from us, and we are willing to help in any way we can.

We have included the name and address of the RSR at the end of this letter for your easy access and use.

Good luck and best wishes for success in the NA Program.

Yours in service to N.A.
