Dear Ben:

We would like to thank you for your letter which we received in July, 1985. In response to that letter, we would like to commend your continued involvement with the Program of N.A. there at the correctional center in Jefferson City, Missouri.

Enclosed you will find several informational pamphlets to further assist your group there. We have also enclosed a copy of our Basic Text, Narcotics Anonymous for your group. We realize the problems you encounter as a young group and hopefully these will be ironed out as you grow. If you have had contact or support from the outside local Fellowship there in Missouri, we would like to know about it. If you have not, please inform us so that we may be able to possibly assist with some outside support from the Fellowship there in Missouri.

Hopefully, we have been of assistance to you. We would like to thank you in advance for your continued correspondence and support.

In Service to the Fellowship,

Bob Stewart, Coordinator

Dear Bob:

This letter is intended as a referral for your H&I committee there in the Missouri area. We recently received a letter from an addict in an institution in Jefferson City concerning information about Narcotics Anonymous. Enclosed you will find this correspondence and our response to him. Working from our list of active WSC H&I committees/members, yours was the closest address to that facility. If you know of an active H&I committee closer who would be able to help with outside support for the meeting/person there, we would appreciate your contacting them. If not, we hope the members in your area might be able to offer some assistance.

We have been trying to compile a list of all the active H&I committees throughout the Fellowship (local, area and regional). This index listing would assist us in locating appropriate H&I committees or members that would be able to respond locally to requests that are generated in a particular area. We would appreciate it if you would send us the correct mailing address of your local, area and regional H&I committees, available contact persons and facilities serviced in your area. In this way we will be better able to provide information or contacts when requested.

Please keep us informed of any new developments within your region or area you think we should be aware of. Any assistance you render will be greatly welcomed and appreciated.

Thanking you in advance for your continued correspondence and support.
