

WORLD LITERATURE COMMITTEE SURVEY

FINALIZED AT DENVER WORKSHOP - 10/87

STATEMENT OF PURPOSE

This survey is intended to aid the World Literature Committee in responding to the needs of the Fellowship in the development and revision of our literature.

It is also our intention that information gathered in this survey will assist the WLC in its efforts to improve communication with literature subcommittees at the area and regional levels.

Your committees's response to this survey will guide us in developing a working plan for the WLC in upcoming years. The development of literature is a time consuming and lengthy process that will benefit greatly from careful planning and prioritizing of the many tasks at hand.

SURVEY PARTICIPANTS

This survey is designed to gather input from area and regional literature committees. Should an area or region not have a functioning literature committee, the WLC requests that the ASC or RSC please complete the survey except for those questions specifically geared toward the functioning of literature committees. Our aim is to gather information from every area and region within our Fellowship.

We are grateful for your cooperation with the WLC in our efforts to open the avenues of communication so that we, as trusted servants, may be directly responsible to those we serve.

In order to summarize results in time for a report at WSC '88, your completed survey must reach the WSO by March 15, 1988.

1. The Fourth Edition of the Basic Text is being printed in November, 1987. From this point forward, what revision schedule, if any, does your committee feel should be followed? Please answer by completing A, below.

A. Does the Basic Text need to be revised?

YES _____

NO _____

If yes, please complete the following

A1. Should we continue to have yearly minor revisions?

YES _____

NO _____

A2. Should there be one major revision at some point in time?

If yes, how soon?

1 yr _____

2 yr _____

3 yr _____

4 yr _____

5 yr _____

other _____

NOTE: A revision of this nature is a major work and would require a reorganization of the work which WLC is currently involved in.

B. Please add any specific comments on the above.
