## 1988 PHONELINE DIRECTORY

### INTRODUCTION

In our effort to fulfill our commitment to ourselves and other addicts by providing the opportunity to attend N.A. meetings, we have published this directory of telephone numbers for use in locating meetings. This directory is intended to be used by addicts, friends and family members of addicts, and by professionals who come in contact with addicts. This information is provided as a resource so that anyone interested in attending an N.A. meeting can find one.

In recent years, we have experimented with several different approaches to providing information on meetings. We discovered our growth was so explosive that printing an index of current meetings was impractical. We've discovered that meeting information is most accurate at the area service committee level. This level of service is the closest to the actual meetings. Therefore, to capitalize on the accuracy of that information, it has been found desirable to utilize the area service committee as the source.

This publication lists telephone numbers where assistance can be obtained to locate meetings. In some places, a state-wide 800 number is offered by a service committee. Where 800 numbers are not present, local numbers will have to be used. In some states, there is the choice between 800 numbers and local numbers. Where this occurs, both numbers are shown. An area code map is included to assist you in locating phone numbers.

In some states, there are service offices operated by area or regional committees to serve the Fellowship and to be a point of contact for the general public. Addresses and telephone numbers for these offices are also shown.

N.A. helplines are activities of service committees composed of N.A. members. Because most N.A. helplines are staffed by volunteers who lead active lives in their own recovery and provide service to other addicts in this manner, they are not always manned by recovering addicts on a twenty-four hour basis. Each helpline is operated independently and according to the policies of the area or regional committee it serves. Accordingly, some patience will be required in obtaining direct contact with a member of the helpline service committee once the number is called. Some telephone helplines have the telephone number connected through telephone switching equipment, or answering services and information is relayed to members rather than having a member of the Fellowship directly on the line at all times. Please accept this inconvenience as a demonstration of N.A. growth and activity in recovery.

Addresses for service offices are included to assist in obtaining literature locally. Some service offices have a business number and a helpline number, while other offices have only a business number. To avoid confusion a separate column is used for business office purposes.

This directory is intended for use by N.A. members and the general public. To accommodate internal use, many of the names of area service committees have been included. However, many of these names are not fully descriptive of the geographical area served by a particular committee. To help clarify this situation we have in the second column shown the city or county in which the telephone number is physically located. In most cases the members working the helpline can provide information about neighboring communities if necessary.

## NARCOTICS ANONYMOUS

*N.A. is a nonprofit Fellowship or society of men and women for whom drugs had become a major problem. We are recovering addicts who meet regularly to help each other stay clean. This is a program of complete abstinence from all drugs. There is only one requirement for membership, the desire to stop using. We suggest you keep an open mind and give yourself a break. Our program is a set of principles written so simply that we can follow them in our daily lives. The most important thing about them is that they work.*

*There are no strings attached to N.A. We are not affiliated with any other organizations, we have no initiation fees or dues, no pledges to sign, no promises to make to anyone. We are not connected with any political, religious or law enforcement groups, and are under no surveillance at any time. Anyone may join us, regardless of age, race, sexual identity, creed, religion or lack of religion.*

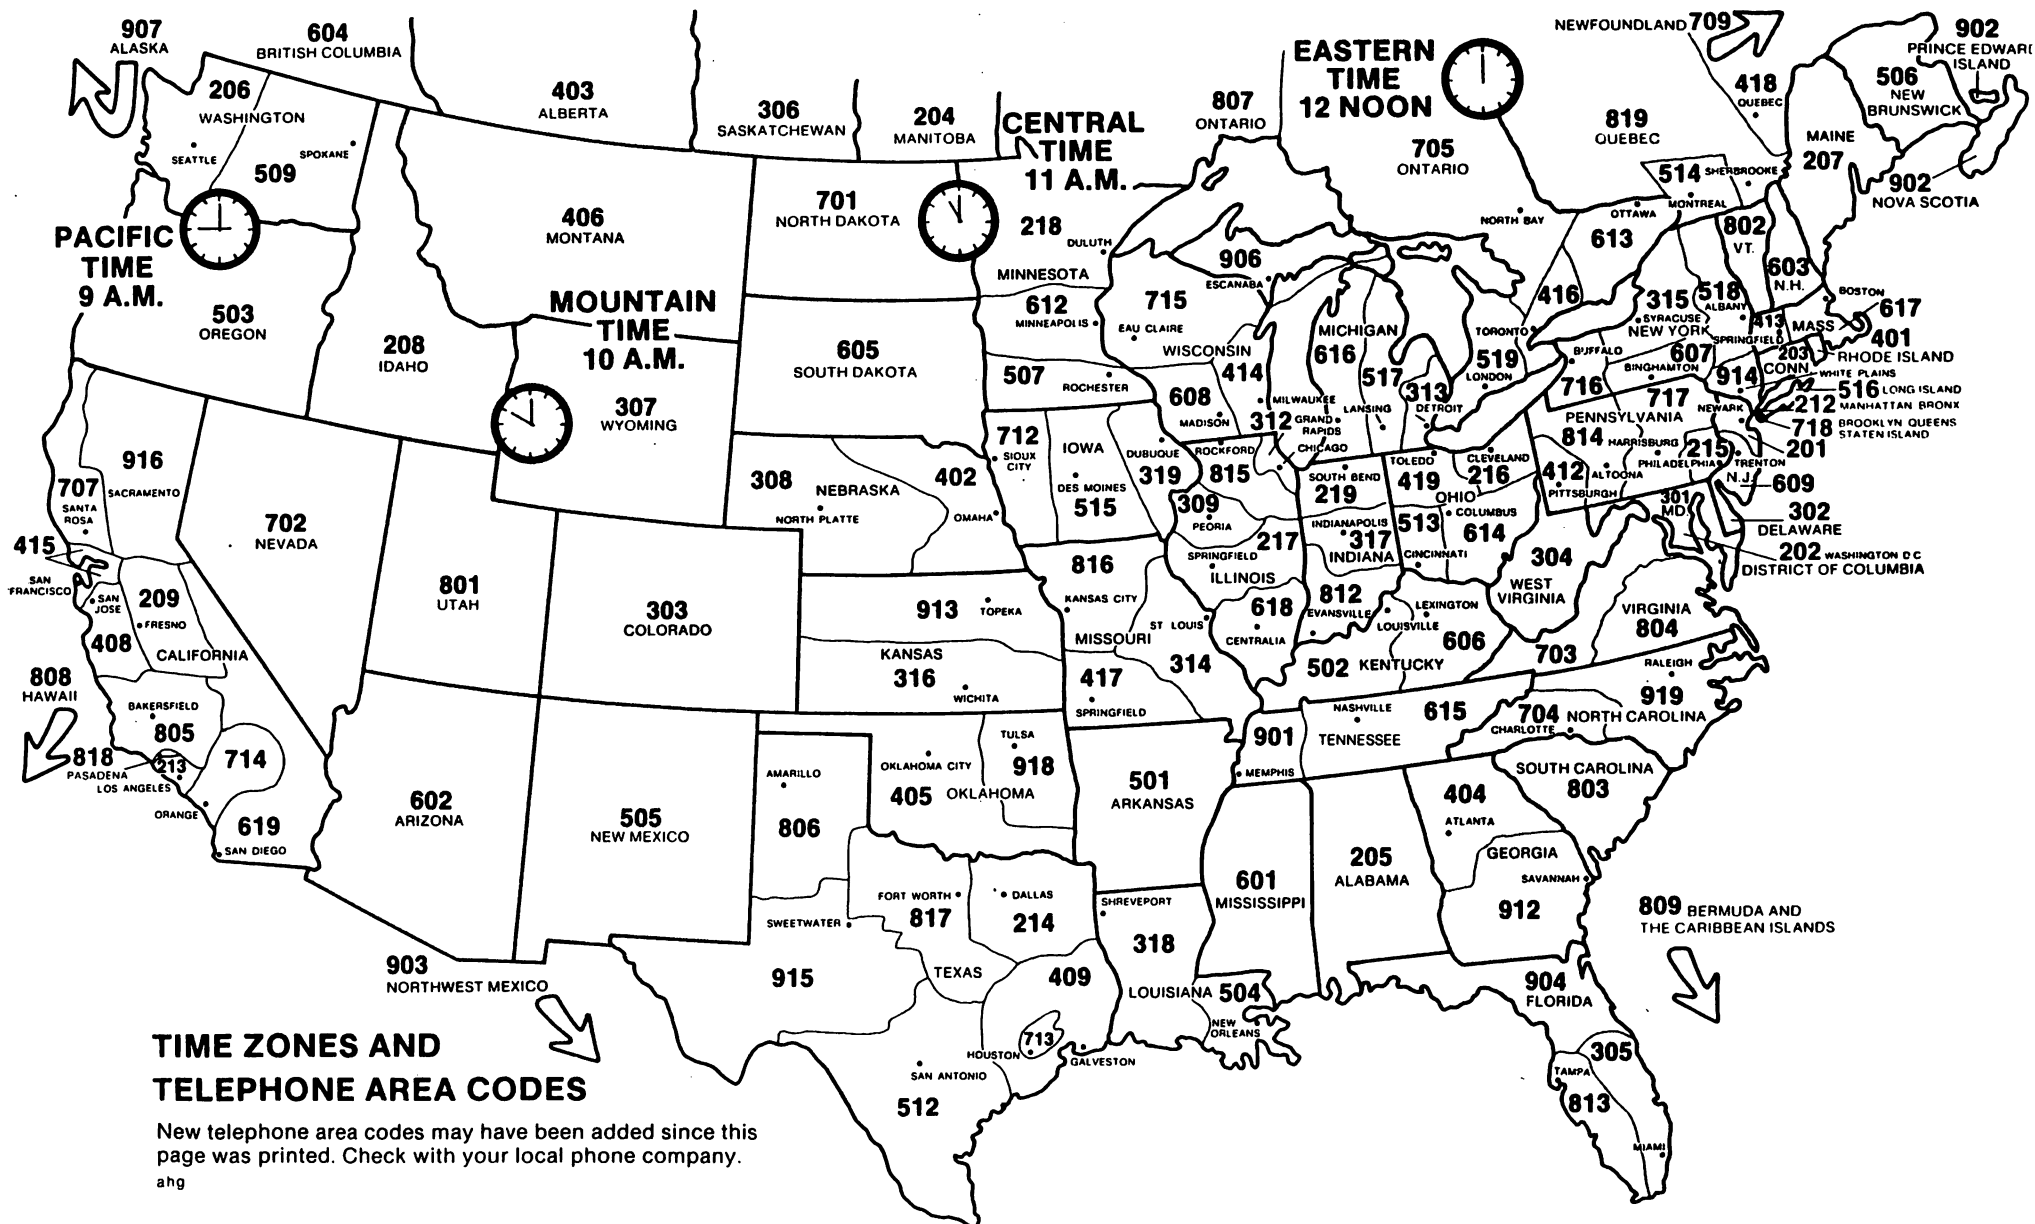

*We are not interested in what or how much you used or who your connections were, what you have done in the past, how much or how little you have, but only in what you want to do about your problem and how we can help. The newcomer is the most important person at any meeting, because we can only keep what we have by giving it away. We have learned from our group experience that those who keep coming to our meetings regularly stay clean.\**
