Dear Trusted Servant,

Once again, we are seeking information and you can be very helpful. It is time to update our helpline numbers for each area. We have enclosed a copy of the 1990 Phoneline Directory for you to review your area's helpline number and regional/area office address.

Please send any changes to the World Service Office c/o Group Services Department. These changes need to be returned no later than May 3, 1991.

Your assistance in this project will be a big help to us. We send our thanks in advance for helping us provide this service for the fellowship.

In service,

Doris Roman, WSO Staff
Group Services Department
