Purpose

The purpose of dual membership between the World Service Board of Trustees and the World Service Office Board of Directors is to facilitate the development of a shared perspective and understanding of the issues which affect each entity, as well as to enhance the fundamental relationship between the two service boards. By designating fully participating members who will develop a proprietary interest in the affairs of both service boards, we will build into the memberships of both entities individuals whose participation will encourage a more global perspective and enhance the inherent link between the two boards. Further, dual membership will assist both service boards in becoming better attuned to all of the affairs associated with NA world services and will help eliminate unilateral considerations of issues and projects.

Procedures

1. At its June 1992 meeting, the World Service Board of Trustees shall designate one trustee who shall begin serving immediately as a fully participating member of the WSO Board of Directors until the opening of WSC '93.
2. At its June 1992 meeting, the WSO Board of Directors shall designate one director who shall begin serving immediately as a fully participating member of the World Service Board of Trustees until the opening of WSC '93. *This director shall not vote as a trustee at WSC '93.*
